*" The City of Homes "*

### Form of Government

Bicameral.

### Population

U. S. Census (1940) 149,554.

### White Population of Age

97,246.

### Colored Population

4,000.

### Number of all Males

71,817.

### Number of all Females

77,737.

### Native Born (White)

76%.

### Predominating Nationalities of Foreign Born

Italian, French Canadian, Irish, Polish, Russian.

### Area

31.90 square miles. Altitude 75 to 200 ft.

### Average Temperature

51.41°

### Rainfall

49.04″.

### Parks, Playgrounds and Land

72 with 1,976.31 acres valued at $7,342,152.

### Assessed Valuation

$255,466,360.00.

### Tax Rate

$36.20 per $1,000.

### Bonded Debt

$12,720,000. Including water debt of $5,192,000 (Dec. 31, 1942).

### Financial

Four commercial banks having trust companies with total deposits of $126,844,914; total resources of $321,886,718 on Dec. 31, 1942 and clearings of $207,696,272 for year 1942. Three savings banks with total deposits of $86,352,269 on Dec. 31, 1942.

### Post Office Receipts

$1,514,454.35 for year ending, Dec. 31, 1942.

### Telephones

(Jan. 1, 1943)

55,452.

### Church Buildings

88 representing 19 denominations. Included in the 88 are 16 churches "Undenominational."

### Building Construction

1422 building permits issued, valued at $4,737,331, with 812 new building permits valued at $1,569,059.

| | |
|---|---|
| 812 permits new buildings | $1,569,059 |
| 610 permits additions, alterations | 3,168,272 |
| 1422 total | $4,737,331 |

### Radio Broadcasting Stations

WBZA; WSPR; WMAS.

### Dwelling Units

42,800. (Jan. 1942).

### Industrial

Chief industries of the city and surrounding territory (manufacturing); electrical machinery, apparatus and supplies; foundry and machine shop products; plastics, printing and publishing; bakery products; envelopes, machine tools, games and toys, radio coils, motorcycles, patent medicines, matches, handbags and billfolds, drop forgings, clothing, machinery (except electrical); iron and steel and their products except machinery; chemicals and allied products; paper and allied products. Number of establishments 308 employing 20,169 men and women, paying wages of $34,730,153 annually and having products valued at $146,157,424 annually as per report covering the year 1941. Principal manufactured products. (See Above.)

### Trade (Retail and Wholesale)

Retail area has radius of 40 miles and population of 394,623. Wholesale area has radius of 40 miles and population of 394,623.

### Newspapers

Four daily. One Sunday. One weekly.

### Hotels

Sixteen with total of 2,891 rooms. Newest hotel built in 1929.

### Railroads

NY Central (Boston & Albany), Boston & Maine, New York, New Haven and Hartford.

### Highways

Route No. 5 north to Canada and south to New York; Route No. 20 east to Boston, west to Albany; Route No. 57 connects Springfield with College Highway; Route No. 116 to Willimansett; Route No. 83 to Conn.

### Airports

One in city; one in Westfield, Mass.

### Amusements

Fourteen moving picture theatres seating 18,750. Municipal auditorium seating 3,686. One legitimate theatre seating 1,553.

### Golf Courses

Eight, including two municipal.

### Hospitals

Eight hospitals with 1,067 beds (includes Shriners, Isolation and City Hospitals).

### Educational

Y. M. C. A. College, American International College; Bay Path Institute of Commerce, Springfield Civil Service and Commercial School, MacDuffie School for Girls. Northeastern University—Springfield Division. Public schools: 38 plus 3 senior high schools and 5 junior high schools. Number of parochial schools 11. Number of pupils in public schools 21,805; in parochial schools 5,958. Number of teachers in public schools 879; in parochials—not available. Value of public school property $14,860,994.

### Public Libraries

Eight with total of over 488,540 volumes. (Feb. 5, 1943).

### City Statistics

Total street mileage 246, with 235.5 miles paved. Miles of gas mains 520; of sewers (storm and sanitary) 307.2; buses 192.93. Number of water meters 25,845; light meters 49,837 and gas meters 36,984 (city). Capacity of water works (municipal or private) 25,000,000,000 gallons, with daily average pump of 21,653,000 gallons, 355 miles of mains and plant valued at $17,964,496.26. Fire department has 344 paid men, with 8 autos, 9 engines, 13 hose wagons and 8 hook-and-ladder trucks, in 15 station houses. Value of fire department real estate and equipment, $1,436,180 (Jan. 1, 1941). Police department has 295 men, with 2 stations and 42 pieces of motor equipment. Value of police department, $118,656.72.

---

## THE CITY TODAY

Springfield, Massachusetts was settled in 1636, as a result of the efforts of William Pynchon and a band of faithful followers who sought the fertile valleys in this part of the country, for homesteading purposes. It was made a town May 14, 1636, O.S., and incorporated a city May 25, 1852.

The city has grown to a community having a population of 149,554. Springfield is 99 miles from Boston; 103 miles from Albany, New York, and 135 miles from New York City. Immediately surrounding Springfield are numerous smaller towns and cities, including among the first, West Springfield, Longmeadow, East Longmeadow, Wilbraham and Ludlow, and among the latter, Chicopee.

Springfield has, since the last part of the eighteenth century, been continuously developing as a manufacturing center, although surrounded by communities agricultural in character. The industry of the community is of varied quality. The skill of workmen to be found here has developed the popularity of the community as an industrial section for the manufacture of many varied products. For the most part, raw materials and supplies are transported to the city. The location of the city nearly equidistant from the three large centers—Boston, Albany and New York—is an enviable one.

The rolling hills rising from the Connecticut River Valley provide for excellent residential sections.

The prevailing meteorological conditions give to Springfield typically New England seasons with charming summers and cold winters with some snow.

## SERVICE INSTITUTIONS

Springfield is fortunate in having a group of public utility organizations which aid, and have for many years, in the development of the community. Under the municipality, there operates a Springfield Water Works the activities of which provide the community with excellent drinking water, piped to the city from the eastern foot-hills of the Berkshires. An excellent reservoir system practically doubling a previous capacity, and provides a maximum flow adequately to care for the city for many years to come.

The Springfield Gas Light Company produces gas for households at the rate of $1.00 for first 200 cu. ft., balance used at 11c per 100 cu. ft. For larger household users the minimum rate of $4.00 for first 3,000 cu. ft and balance at 8c per 100 cu. ft.. prevails. Industry is also served at varying rates. A net work of the piping of this corporation covers nearly the whole city, and is being rapidly extended. Automatic Equipment 200 ft. @ $1.00—1800 ft. @ 11c 8,000 ft. @ 7½c and 10,000 @ 7c.

The United Electric Light Company provides light and power on a combined flat rate and low energy charge.

Transportation facilities provided by the Springfield Street Railway Company afford excellent local and interurban transportation service. The newest type of buses are available for use.

Springfield has long been recognized as a community in which the educational facilities are of an unusually high standard. The public schools' program is most complete and leads the pupil through the primary grades and junior high schools into one of four high schools of excellent standing and character. In the first—the Classical High School the curriculum is of an essentially academic character, providing for the continuance of education in the academic colleges and universities. The second—the Technical High School—is fundamentally an engineering school and offers courses leading directly to industrial work or into the higher engineering colleges. The third—the High School of Commerce—prepares the pupil thoroughly for a business career and also for entering into a limited group of colleges. The fourth—the Springfield Trade School prepares the pupil for industrial employment.

Freight rates prevail for the shipment of raw materials and finished products into and from the city on a basis which permits our manufacturers to compete with others in similar lines in other parts of the country.

Springfield has dwelling units for 42,800 families and has long been known as a community of home lovers. The environment which has been created is a result of a mixed population, possessing many natural advantages and proving pleasing to all. There are many community civic organizations, each of which was definitely formed for the improvement of its part of the city.

## CONSUMING POWER

Farm products valued at over $5,675,000 were raised in Hampden County in 1941 and consumed mostly in this area. $34,586,173 worth of stock and materials was used in our factories in 1939. Springfield is forced to import from outside all basic raw materials even to lumber and depends on its skilled labor and native ingenuity in fabrication to maintain its industrial supremacy. The normal consummation of a population of 149, 554 is augumented by at least 100,000 to include traveling men, attendants at conventions, schools, etc.

## INDUSTRIAL SITUATION

The latest available statistics in Springfield show 308 establishments making as many different lines, paying wages of $34,730,153, employing 20,169 people and producing $146,157,424 worth of products. Many of these factories manufacture products known the world over and spread the fame of Springfield into all countries. Westinghouse Motors and Bosch Magnetos, Indian Motocycles, Smith & Wesson revolvers, Springfield rifle, Absorbine Junior liniment, Monsanto chemical products, and Milton Bradley games and toys are typical examples. Industry in Springfield is highly diversified though the manufacture of electrical goods and equipment slightly predominates in value all other lines. Skilled artisans can usually find steady employment in Springfield due to this condition.

**Springfield is justly proud of its title, "The City of Homes," and well deserves it as there is a home for approximately every 3½ persons of population, and of those occupied about 30%** are owned by the occupant. A recent survey showed that of 273 vacancies only 9 were classified as undesirable. This condition is maintained partly by the fact that due to diversity of industry the labor demand is steady. Abundance of water power in the valley has caused erection of enormous hydro-electric stations with the result that reasonable electrical rates prevail and practically all homes enjoy the use of electricity with all its advantages.

## FINANCIAL SITUATION

Though having one of the lowest municipal tax rates in Massachusetts, Springfield has been continuously developing without unduly burdening the public and has a total outstanding bonded indebtedness of but $8,540,000 excluding water debt. Economy is the rule of Springfield's administration though large appropriations for permanent improvements are made yearly to keep pace with the schedule of the City Planning Board. Springfield has four commercial banks and trust companies and three savings banks; Additional banks: 2 Co-op., 1 Federal Land Bank. The total banking dept resources of these Springfield banks are $321,886,718, with clearings for 1942 of $207,696,272. Due to its being so accessibly located, Springfield was chosen as the logical location for the establishment in New England of the district branch of The Federal Farm Loan System.

## RETAIL TRADE

While Springfield has a population of but 149,554 people, its retailers serve a territory containing 394,623 population. The two main department stores of Springfield do an annual business in excess of $10,000,000. The large proportion of merchandise carried in Springfield is of a quality nature as there are no great number of the so-called poorer class in Springfield. Seventy-six per cent of its inhabitants are native born.

## WHOLESALE TRADE

Springfield is served north, east, south and west by trunk line railroads and it has consequently become a well-known jobbing center. Stocks carried in Springfield cover practically every well-known product manufactured in the United States applicable to the northern climate and are distributed over a radius of more than 50 miles.

## CIVICS AND WELFARE

Of outstanding value is the work done by the City Planning Board through whose efforts a definite arrangement for the control of the future growth and development of the city is projected and maintained.

Hospital facilities are more than complete, for the community is fortunate in possessing four hospitals caring for general cases, two hospitals maintained particularly for the care of maternity cases; and one hospital for diseases requiring isolation, erected by the city at a total cost of approximately $750,000. Beautifully modern, a wing of the Springfield Hospital, erected at a cost of $2,500,000, was opened late in 1931. Springfield is fortunate also in being the home of the Shriner's Hospital for Crippled Children for the whole New England area. Medical and surgical treatment may be had from many physicians and surgeons of repute.

Health and sanitation are carefully guarded. Through our school system the health of the children is given more than adequate attention.

Springfield possesses every type of amusement and recreation offered in cities of its size —theaters, dancing salons, boating, canoeing, golfing, tennis—all of these are available. Supervised recreation for children is made possible through the very efficient work of the Springfield Park Department, through the agency of which are operated 71 public playgrounds, lands and parks covering more than 19 hundred acres.

## CITY AS A CENTER

Springfield is the center to which tourists come over excellent highways, and through which they pass enroute to Maine, New Hampshire, Vermont, as well as to points of interest in Eastern Massachusetts.

Springfield is a trading center for a population estimated at 400,000. To the community are attracted these persons who seek adequate shopping facilities, excellent stores, fine restaurants and hotels.

The industrial prestige of the city has been developed as a result of the skill of its workers in mechanical trades. It is in a sense an agricultural base, for here are located the Eastern States Farmers' Exchange, the Hampden County Improvement League, and many other agencies working co-operatively for the development of agriculture throughout all of New England.

Springfield is the Western Gateway to New England, and the most easily accessible city in New England from points outside thereof. During 1942, 23,295 persons attended 58 conventions held in the city of Springfield. The Springfield Chamber of Commerce operates a Convention & Visitors Bureau which actively solicits convention business and renders a maximum of co-operation to convention groups meeting in this city.

## ADVANTAGES AND CLAIMS

In the last analysis, Springfield is the only city in the area between Boston, Albany and New York that has developed in a balanced way along the lines of beauty, education, finance, industry, mercantile and recreation. It is a community to which persons come to visit and remain to live and prosper.

## CITY AS A SERVICE CENTER

The Springfield Chamber of Commerce for more than forty years has functioned in a capacity as a counsel and guide not only to citizens of the community, but to those from other cities seeking information or advice about the city. It is ready to co-operate in every practicable way to assure interested persons that they will receive adequate and reliable information concerning the community and its activities.

---

## *"What You Should Know About Your City"*

*"The helpful kind of patriotism is the kind that grows out of a knowledge of one's town, of her growth, her people, her property, her government, and her needs. This knowledge develops, first, an intelligent interest; then, a sympathy; then, a reasonable affection, a wise and temperate jealousy for her good name and a wish that she may prosper and grow more beautiful; and finally, a desire to help her to become greater and finer, a bright and clean workshop and a home for the best of men and women."—John Cotton Dana.*

The works are in charge of a board of Water Commissioners consisting of Ernest H. J. Duquette, chairman; Frank E. Punderson and Mayor Roger L. Putnam, ex-officio; Leland G. Carlton, supt; clerk and water registrar, Dennis F. Sweeney; Elbert E. Lochridge, chief engineer. Office, (319) City Hall. Service Building and Yard, 71 Colton. Office hours 9 a.m. to 5 p.m. Saturdays 9 a.m. to 12 m. Telephones: (applications and information) 6-2711; (work and trouble calls, day or night) 2-5188. The supply of water is taken from the Little River watershed (situated principally in the towns of Blandford, Granville and Russell) and by means of the following storage structures:

| | Capacity in Gallons. |
|---|---|
| Borden Brook Reservoir (impounding) | 2,500,000,000 |
| Cobble Mt. Reservoir (impounding) | 22,225,000,000 |
| Intake Reservoir (diverting) | 40,600,000 |
| Sedimentation Basin (before filtering) | 38,700,000 |
| Provin Mountain Reservoir (after filtering) | 29,280,000 |
| Total | 24,833,580,000 |

The former supply from impounding reservoirs in Ludlow and Belchertown is also retained at present for towns of Ludlow and Wilbraham and for emergency uses, and with its storage capacity of 1,434,218,000 gallons make an aggregate capacity of 26,267,798-000 gallons.

Range of pressure on mains for day and night, as follows: Main street level, maximum, 147 pounds, average, 140 pounds. Hill section level maximum 87 pounds, average, 80 pounds.

The entire supply of city water to any premises is furnished by meter only and at meter rates; the necessary meters are installed by the water works at expense of the consumers for the initial cost of the meters and connections only.

The cost of ordinary care and repair of all meters is borne by the water works; the cost of unusual repairs (necessitated by freezing, hot water, etc.) due or attributable to any carelessness or neglect on the part of the consumer, will be charged to the consumer or owner.

## METER RATES.

(Subject to all rules and regulations)

For each 100 Cubic feet (748 gallons) of water as registered or estimated for each independent premises the rates shall be as follows:

For the first 5,000 cubic feet or less per quarter, at 22 cents per 100 cubic feet (about 30 cents per 1,000 gallons).

For all excess over the first 5,000 feet per quarter, at 5 cents per 100 cubic feet (about 7 cents per 1,000 gallons).

Where the aggregated total use for one independent premises amounts to 750,000 cubic feet or more in any one quarter, the entire quantity will be charged at 5 cents per 100 cubic feet.

Subject to the following minimum quarterly charges:

(a) Single dwellings and double houses or blocks (of two or more ground-floor single tenement sections), each tenement not less than $2.00 per quarter.

(b) Tenement houses, apartment blocks, etc., each tenement or apartment not less than $1.50 per quarter.

(c) Business blocks, manufactories, and other industrial plants, elevators and motors, each bill for each independent premises, not less than $2.50 per quarter.

Special for Elevator Uses—Where the total or aggregated quantity for operating one or more elevators on each independent premises amounts to 33,000 cubic feet or more in any one quarter, and is metered and billed independently of all other uses, the entire quantity will be computed at 5 cents per 100 cubic feet; but no bill hereunder shall be rendered at less than $25.00 per quarter.

Business and industrial buildings of more than one section, and adjoining or adjacent buildings, under one independent ownership as a plant (if not separated by a street or by any other buildings or premises under another ownership) may be considered as one independent premises, and as such, subject to the computing and billing of the foregoing meter rates. In all other cases the supply through each service and meter shall be computed and charged as separate and independent bills.

Each quarterly period will be computed and charged for independently of any other quarterly period and the rates therefore shall be paid accordingly.

When a meter from any cause fails to register the consumption of water the quantity shall be estimated and the charge made based upon the registration by the meter when in order or upon the registration for corresponding prior quarter or period.

Builders' Uses—Where water is to be used in the construction of ordinary framed buildings, or for small building operations where the use may be easily estimated, the meter installation may be temporarily deferred, as an accomodation to the owner or builder, until the completion or occupancy of the building, and a nominal estimated flat rate may be charged for builders use of water to the owner of the property who will be held responsible for such use and the payment of such charge.

The Water Registrar and the Supt. shall determine all cases where the foregoing provisions may apply, and each case shall be considered independently of any other, but no such estimated charge shall be less than $1.00.

Miscellaneous and Temporary Uses—In certain cases of miscellaneous and Temporary uses of city water, where the quantity used may be small, the charge for same may be estimated instead of being shown by meter, at the discretion of the Water Registrar and the Supt.

The water Registrar shall have the right to require an advance deposit as security for the payment of water bills, when he shall consider it for the interest of the city to do so; such deposit not to exceed a year's minimum rate for the property to be supplied or a reasonable estimate of the probable annual amount of such bills.

All bills due the City on account of the Municipal water works shall be payable at the office of the City Collector, Room 137, Municipal Building, Court and Pynchon streets within twenty days after the same are rendered and become due.

Inquiries and claims for correction should be made at the office of the Water Registrar, Room 319, Municipal Building.

Delinquent water bills are a lien on real estate.

## SCHOOL DEPARTMENT.

School Board—Mrs. Mary C. Stephenson, Chairman; At large, Chester S. McGown; Ward 1, Alfred M. Glickman; Ward 2, Theodore V. Quinlivan; Ward 3, Ralph W. Ellis, Jr.; Ward 4, Troy T. Murray; Ward 5, Mrs. Gena G. Hickox; Ward 6, Mrs. Mary C. Stephenson; Ward 7, Frank A. Walters; Ward 8, Thomas O. Armstrong; Roger L. Putnam, Mayor; J. Albin Anderson, Jr., Acting Mayor in absence of Roger L. Putnam in naval service, ex-officio; Sec., Edwina A. Miller.

Supt. of Schools—John Granrud. Office 32 Spring. Harry B. Marsh, Franklin J. Gray, Acting Assistant Superintendent. (John L. McCommons on leave of absence for military service)

Have You a Message for Men?

LET the CITY DIRECTORY carry it home. Enlighten the public as to who you are, where you are and what you have to sell. The City Directory will keep your name before the public all the year 'round. Our copy writers will animate your advertising. And no man well supplied with mental gravity will differ from this: Perpetual Publicity Plus Personality Produces Patronage

The Price & Lee Company

"OF THE PEOPLE
FOR THE PEOPLE"
SINCE 1873

# A GREAT CITY DIRECTORY ORGANIZATION SERVING

## 2,700,000 People in the most densely populated area in America

Annually, with a trained organization within these five states, serving one hundred and forty-one communities, each street and building is thoroughly canvassed for new names, changes and verification of prior information, after which by trained investigators, sections are again recanvassed to keep our name takers keyed up to a high degree of accuracy.

Through the process of sorting, compilation and still greater refining for accuracy, each name is handled twelve times as it becomes a part of the five departments when combined and printed into city directories, renders a service unsurpassed for those who know that without knowledge, activities become wasteful, confused and subject to duplication.

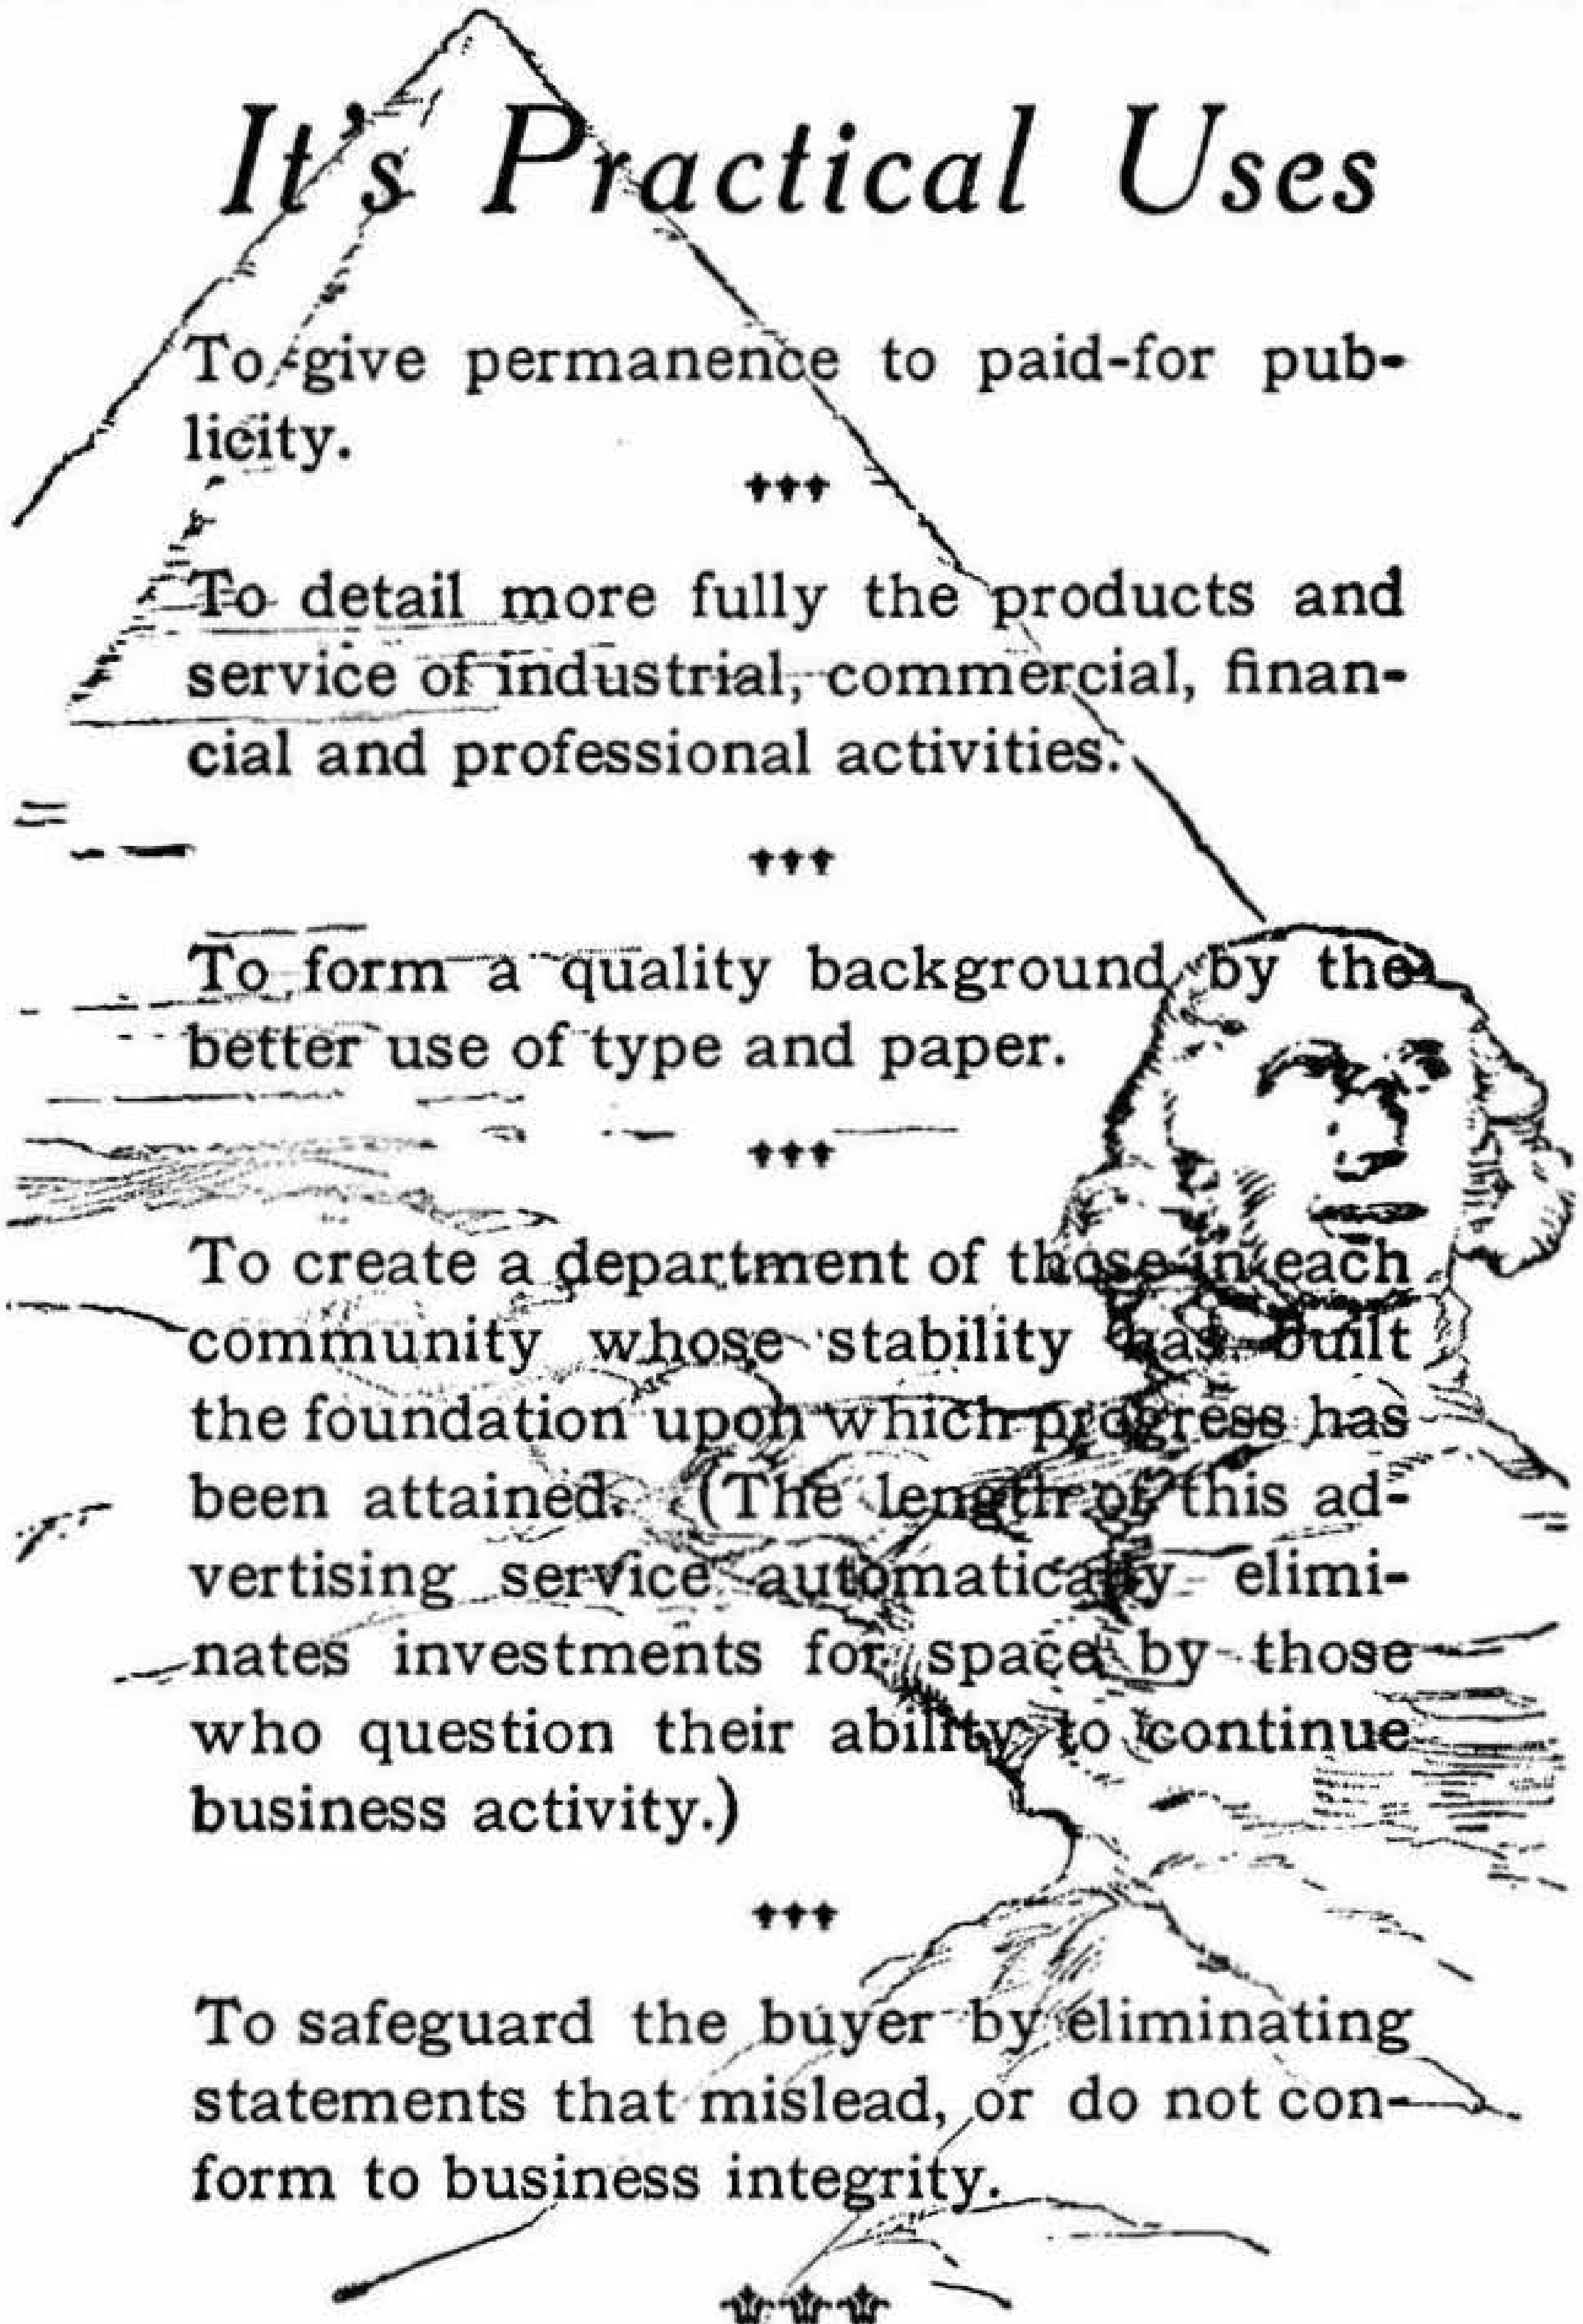
# *The* PRICE & LEE COMPANY

*Over Sixty Years Making Good Directories Better*

NEW HAVEN SPRINGFIELD HARTFORD NEWARK

# BUYERS' DIRECTORY

## *It's Practical Uses*



To give permanence to paid-for publicity.

* * *

To detail more fully the products and service of industrial, commercial, financial and professional activities.

* * *

To form a quality background by the better use of type and paper.

* * *

To create a department of those in each community whose stability has built the foundation upon which progress has been attained. (The length of this advertising service automatically eliminates investments for space by those who question their ability to continue business activity.)

* * *

To safeguard the buyer by eliminating statements that mislead, or do not conform to business integrity.

* * *

THRIFT KNOWS NO CALENDAR

*In 1828*

"The design of this Institution is to afford to those who are desirous of saving the means of employing their money to advantage without running the risk of losing it. It is intended to encourage the industrious and prudent, and to induce those, who have not hitherto been such, to lessen their unnecessary expenses, and to save and lay by something for a period of life when they will be less able to earn a support." — From an 1828 Pass Book.

THE W. B. DAVIS COMPANY
DAVIS "GOOD CLOTHES"
FOR
MEN WOMEN BOYS
CLEVELAND

Cleveland Directory,
Old Arcade,
City.

January 9, 1925

Gentlemen:

Referring to yours of yesterday acknowledging our order for Directory for 1925. Permit us to say that we know of no money we spend which brings so great a return as that for the City Directory.

Your product certainly represents a very important piece of work splendidly accomplished. In this connection also permit me to express my appreciation for the use of the directories of other cities which you keep on file in your office. I often find them a matter of great convenience and feel almost ashamed to make use of them without payment.

Very truly,
THE W. B. DAVIS COMPANY,
WBD:GS *Signed* W. B. DAVIS

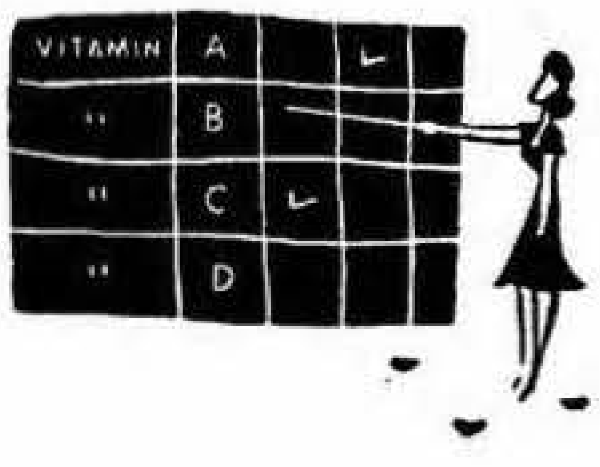
# FEED 'EM VITAMINS!

The importance of vegetables rates three places in our government's nutritional guide which says: "Every member of your family, every day, needs green, leafy, or yellow vegetables; one or more servings of potatoes; one additional vegetable or fruit—raw, cooked, dried, quick-frozen, or as juice."

## Free Information on Balanced Meals . . .



At our Nutrition Center, we offer you the opportunity to learn more about correct diet—to get free literature on Nutrition and Meal Planning. All we ask of you is that you sign the "Victory Pledge" — to buy carefully, take good care of the things you have and waste nothing. Drop in today — this is our wartime service to you.

# Plastics,–Protective Coatings,–Saws

## A Springfield Industry Serving the Nation

The broad and versatile family of plastics produced here in Springfield by Monsanto Chemical Company's Plastics Division is serving the war effort today in literally hundreds of vital ways ranging from molded shell fuses where they replace aluminum . . . to Army raincoats where they replace rubber.

If you have need for plastics in your products, you could not find a wider, more varied selections of materials anywhere in the country. If you have need of experienced and expert technical advice on plastics, you could not find a more helpful group of chemists and engineers than our technical service staff.

Needs polishing up occasionally. Try good snappy copy in the Directory and see for yourself the big results it will bring to you.

**Directory Advertising Pays**

## CLASSIFIED DIRECTORY

### ITS PRACTICAL USE IS TO GIVE

**Information**—as to any firm or individual in business, classified according to their business or profession.

**Information**—as to Associations, Clubs and Societies, when and where they meet and the name and address of their secretary.

**Information**—as to Churches, their location and pastor together with the pastor's address.

**Information**—as to where to obtain a list of prospects for your products or service.

**Information**—as to where to obtain any service that your community has to give.

**Information**—as to where to buy advantageously when competitive bids are required for any given service or product.

—Finally—

*If your neighbor has it to sell, give him your business.*

*Like consideration from your neighbor adds prosperity to both.*

THE PRICE & LEE CO.

1849 1943

# Reference Advertising

HE who buys space in the City Directory buys advertising permanency. Every day thousands of business men all over the country search its classified sections to find where nationally advertised goods may be purchased. City Directory ("Reference") Advertising is the completing girder in the bridge between dealer and consumer, and should be part of all national and local campaigns.

# SPRINGFIELD CEMETERY ASSOCIATION

**171 MAPLE STREET** **SPRINGFIELD, MASS.**

**ESTABLISHED 1841**

***Most Completely Equipped Cemetery in Western New England***

The Springfield Cemetery was established in 1841. It is a purely mutual association having no stock or bond holders.

Burial Plots are available in all parts of the cemetery and they are moderately priced. All lots are sold with permanent care.

Literature pertaining to the Springfield Cemetery, it's Chapel, Crematory and Columbarium, may be obtained on application at the cemetery office,

**171 Maple Street** **Springfield, Mass.**

**PHONE 2-0712**

# SPRINGFIELD CEMETERY ASSOCIATION

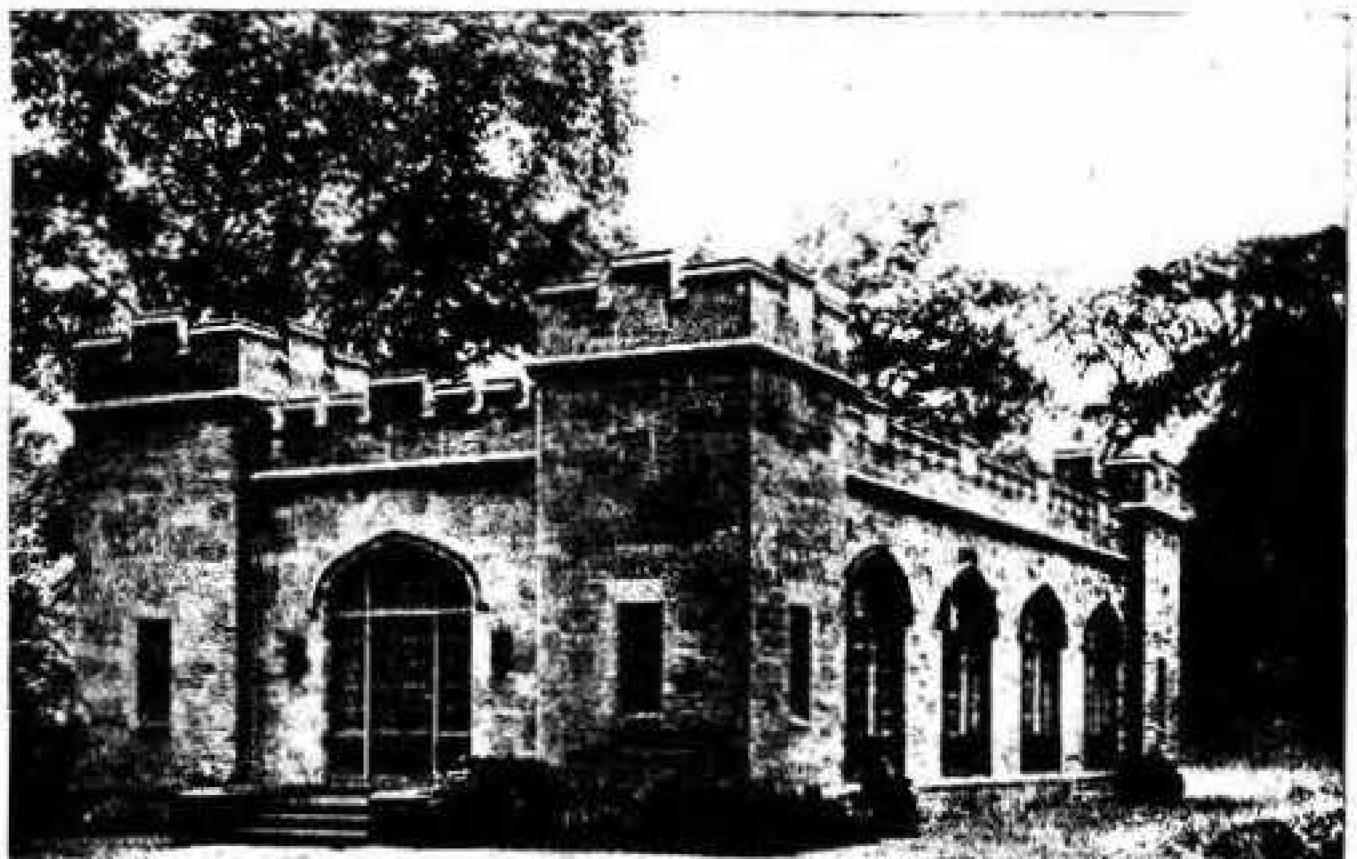
**ESTABLISHED 1841** **PURELY MUTUAL**

The Chapel, Crematory and Columbarium are completely modern in every detail. The Chapel may be used for either cremation or interment service.

***The Chapel is equipped with the new Hammond Organ***

The Columbarium is open for visitors each week day, except holidays, from 8:30 A. M. to 5 P. M., Saturdays until 4 P. M. It is recommended that the Columbarium be visited, as our facilities are unexcelled.

Cremated remains may be kept in a general repository should the family be undecided as to the disposition of these remains, for a nominal fee.



**OFFICE**

**171 Maple Street** **Springfield, Mass.**

**Phone 2-0712**

**Free Service** Directories of various Cities in the United States and Canada are maintained for your convenience at the
